

Guidelines of the Preparation of Manuscript for World Environment Summit 2022

Title, methodology, results, discussion and conclusion must be included in the full-length manuscript.

Title of the manuscript should be concise and informative.

Author's names and affiliations in the manuscript along with full postal address of each affiliation, including e-mail address of the corresponding author should be mentioned.

The Abstract should be 200--300 words long and provide a brief summary of the article theme and content. It should be in 'Times New Roman font' with size of '12'.

Keywords should comprise 4-6 words or phrases that describe the content of the article,

Heading levels should be clearly identified and each level should be uniquely and consistently formatted and/or numbered.

Provide each Figure/Table with a concise caption. A caption should comprise a brief title.

Figures/Tables can be placed either next to the relevant text in the article, or on separate page(s) at the end. Number Figures/Tables consecutively in accordance with their appearance in the text.

References should always follow a consistent style.

Please check very carefully that all references cited in the text appear in the reference list and vice versa, and that names and years are the same in the text and in the list of references.
